

4<sup>th</sup> Annual  
Asian Health Symposium

In Pursuit of Health & Wellness:  
Addressing the Impact of Stress  
in Asian Immigrant Communities

Friday, April 6, 9:30AM-1:30PM

Pao Arts Center, 99 Albany Street, Boston MA

Interested in community-building, networking, and learning about and addressing the impact of stress on Asian immigrant populations?

**Join us, and learn about:**

- The stressors related to daily living and social determinants facing Asian immigrants
- Available resources and services for mitigating the impact of stress in the community
- The value of cross-community dialogue in addressing the impact of stress on Asian immigrant communities

This event is sponsored by Tufts CTSI and hosted by the Addressing Disparities in Asian Populations Through Translational Research (ADAPT) Program.

Space is limited. Please sign up by March 16 by visiting this link or scanning the code:
